Cottonwood Heights

The Honorable Mayor and Members of the City Council:

The financial report for the month ending March 31, 2009 is presented for your review and comment. In addition to regular processes, we are working to verify sales tax receipts and matching them to current business licenses.

General Fund – Revenue

Real Property Taxes - Collections occurring in calendar 2009 are now being deferred to FY 2010. The final reconciliation is now done for FY 2009. Additional revenues for the current year will come from prior year delinquent taxes that may be collected through August 31st.

Sales Tax Collections – Collections for the city occur two months behind the merchant's collection. The current distributions are included in this report and are slightly ahead of the prior year collections at this point in time based on annual budget. The budget was adjusted down significantly and therefore the percentage collected is up significantly.

E911 Emergency Fees – The City continues to receive a part of the E911 revenues generated on telephones within the City boundaries. Finance has re-evaluated the expectations of improvements to E911 fee reporting by telecommunication companies. We expect to see significant improvement at the end of May or June in monthly collections, due to a confirmation that the last significant telecomm will correct their reporting of 911 fees. The current monthly correction appears due to double reporting in February.

Fee-In-Lieu of Property Taxes – Current collections are now being deferred to FY 2010. This tax has now been reconciled for FY 2009 and has exceeded budget and prior year revenue by nearly \$300.

Franchise Taxes (Cable TV) – This revenue source reports and remits on a quarterly basis. Will be updated in April.

Transient Room Tax Collections – This tax collection is reported by entities on the same schedule as general sales tax reporting. Most collections of this tax occur during the winter ski months. The current monthly correction appears due to double reporting in February.

Licenses and Permits – Business Licensing is on budget YTD, but down year-over-year by \$17,000 or 7.2 percent. Animal licensing collections have improved and the budget has been adjusted accordingly. Building permits are well ahead of the revised budget. Road Cuts revenues are billed monthly along with over the counter payments. Billings are current.

Intergovernmental Revenues – Class C road funds are paid bi-monthly, and the budget has been revised to reflect the anticipated reduction in revenues, yet the trend indicates that this revenue source may still be short as much as seven percent or \$80,000. Liquor Funds are distributed once a year in December and were short of the original budget. Other Federal Grants (CDBG) are reimbursed to the City as expenses are submitted for funding. We have received a majority of the budgeted CDBG revenues. Many other small grants have been added during the year and have various statuses of collections.

Charges for Service – Zoning revenue budget has been reduced nearly 60 percent. This is reflective of the fact that new building starts are down. Current revenues are significantly ahead of elapsed year to date and the revised budget.

Fines and Forfeitures – We continue to receive remaining revenues from Salt Lake County Justice Courts on tickets issued prior to July 1, 2007. At June 30, 2008 there were several hundred tickets that are inactive and have a bench warrant assigned to them from the Salt Lake County Justice Court. Revenues from tickets processed through Holladay Justice court are reconciled quarterly and have now been posted. This budget has been reduced approximately 30 percent.

Interest/Miscellaneous – The interest earnings on our PTIF account with the State Treasurer is split among General Fund and Capital Projects Fund and other designated fund balances. Total earnings in all funds in the PTIF for the year are \$155,608. This is less than half as much as the City earned in the prior year, due to lower interest rates paid.

General Fund – Expenditures

General Government – All general government expenditures have been moved into the City Manager's line. Data Processing expenditures have been moved into Finance. All department expenditures are as expected within budgeted amounts. (See additional data on the Community Events and Project / Programs Summary which shows expenditures & revenues through April 20th.)

Public Safety - The Public Safety department includes police, fire and ordinance enforcement. The start-up activities for the City police department are continuing very well. The Unified Fire department bills the city quarterly.

Highways & Public Improvements - Public Works expenditures are within budget. Impact Fee Programs include both Storm Water and Transportation fee projects. The Class C Road program budget is primarily for street lighting, water and the Salt Lake County Public Works contract.

Planning - Department expenditures are within budget.

Business Licensing - Department expenditures are within budget.

Debt Service - The City had no outstanding debt as of prior year-end. We now have entered into a financing agreement to purchase a fleet of police vehicles. With a down payment in the current year, our first debt service payment will be in fiscal year 2010.

General Fund - Other Financing Sources and Uses

Appropriated Beg Balances – Class C Road funds’ beginning balance has been entered with a \$233,950 balance carried forward from FY 2008.

Impact Fees - Impact fee collections reflect the down turn in building permits.

Proceeds from Capital Leases – The capital lease for police vehicles has been funded for \$826,985.

Appropriated General Fund balance – The unreserved general fund balance available from fiscal year 2008 for appropriation is \$275,593

Transfers - Transfers are budgeted and primarily expended at year-end when available funds are known. The original budget transfer to Capital Projects has been reduced approximately \$1,237,597.

General Fund – Fund Balance

Fund Balance (Expected) - The Beginning Balance Restricted Fund for fiscal year-end 2008 is included on the financial report. The ending General Fund restricted fund balance will maintain a 6.0 percent balance of \$936,166, and the unrestricted balance actually decreased by \$24,093 to a total of \$275,593. As noted above, the Class C Road funds’ carried forward fund balance of \$233,950.

Capital Projects – Revenue

Grants - Last year we received approximately \$910,000 in grant revenue for capital projects and expect to receive addition grants in the current year. We have now received a \$1,000,000 grant from the State of Utah for the Fort Union road reconstruction.

Revenue - Interest calculations are based on the PTIF earnings rate at the State of Utah Treasurer’s Pool account for the City.

Capital Projects - Expenditures

General Government –This budget has been revised to \$5,626,528 for projects and engineering. Various projects are now itemized as line items in this report. The balance of the fund will remain in fund balance.

Capital Projects – Other Financing Sources

Transfers from General Fund – The budgeted transfer of \$1,237,597 from the General Fund will be needed to balance this fund and will be made at year end. This is approximately \$1,410,000 less than originally budgeted.

Unreserved Capital Projects Beginning Balance – This amount of \$8,856,965 represents the prior year ending balance in the Capital Projects Fund that has been carried forward.

Employee Benefits Fund – an Internal Service Fund

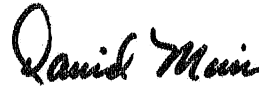

The purpose of this fund is to pay as you go with regards to employee's accrued benefits. This report has been newly formatted and updated. It will now show the total balance in the PTO liability account and any uses during the reporting period. The year-end calculated amount of the potential liability for lump sum payouts has been funded and the adjusting entry has been made equal to potential liabilities. By doing so the City should never find itself with an unexpected or unfunded employee benefit liability. This was funded \$20,428 in FY 2008 based on actual accrued employee PTO (Personal Time Off) and is budgeted to receive an additional \$88,706 funding at year-end.

Community Events & Program/Projects Summary

Attached to this report is a Community Events & Program/Projects Summary. This is a brief summary for budgetary review of expenditures by specific program or project with current balances as of the date listed. All Capital Projects are listed on page 10 under the Capital Projects Fund statement.

I welcome your inquiries and appreciate the opportunity to serve.

Sincerely,

A handwritten signature in black ink that reads "David Muir". The signature is written in a cursive, flowing style.
